Dear Brittany:

Re: Permit Report: *Archaeological Impact Assessment of Proposed Riverbank Improvement on Queensborough Dyke in New Westminster, BC*

The Archaeology Branch has reviewed the captioned report that was prepared by Kleanza Consulting Ltd. under Permit 2021-0324.

We concur with the findings and recommendation that no additional archaeological work is required within the proposed development area, provided its boundaries remain unchanged.

However, in the unlikely event that unexpected archaeological features or remains are encountered during your development/operations, please stop work immediately in the vicinity of the discovery and contact archpermitapp@gov.bc.ca.

Sincerely,

Lisa Dojack
