130. Administration

General Restrictive Clause

- 130.1 No person shall erect, construct, locate, alter, reconstruct or maintain any building, or locate or carry on any industry, business, trade or calling, or use any land or building within any District, without complying with the provisions of this Bylaw applicable thereto.

Notice of Public Hearing

- 130.2 Notice of public hearings shall be provided in accordance with the Development Approval Procedures Bylaw, 1987, as amended or replaced from time to time.

Enforcement

Right of Entry

- 130.3 The Director of Engineering is hereby authorised to enter at all reasonable times upon any property or a building, or portion of a building, subject to this Bylaw to ascertain whether the regulations and provisions herein contained are being or have been complied with. A person employed from time to time by the City as a Deputy or Deputy Director of Engineering, Assistant Director of Engineering, Supervisor of Inspections, Building Inspector, Director of Planning, Secondary Suites Co-ordinator, Senior Planner, Planner, Planning Analyst, or Planning Assistant is hereby designated to act in the place of the Director of Engineering for the purposes of this subsection.
- 130.4 It shall be unlawful for any person to prevent or obstruct or seek or attempt to prevent or obstruct any of such officials in or from the carrying out of any of their official duties under this Bylaw.

Buildings in Contravention of City Bylaws

- 130.5 Where any building or part of a building or other erection has been constructed or placed in contravention of this Bylaw, the Director of Engineering may, subject to the provisions of the Building Bylaw, as amended or replaced from time to time (or of any Bylaw of the City applicable thereto), with the approval of the Council, pull down or remove the building or part of the building or erection so constructed or placed in contravention of this Bylaw at the expense of the owner, as provided in said Building Bylaw, as amended or replaced from time to time.

Information Required for Design Review

- 130.6 Every application for a building permit, except for one and two unit residential uses shall be accompanied by, in addition to any other requirements, the following:
- a) A topographic plan of the proposed site, including site elevations at each corner of the site, prepared by a British Columbia Land Surveyor and dated within six months of the application date. Profiles, where appropriate, are to be included;

- b) Fully dimensioned architectural drawings of the proposed project, drawn to an appropriate scale. The plans shall include exterior elevations, cross sections and floor plans of the building, complete with geodetic elevations of all floors. Proposed materials are to be indicated on the exterior elevations;
- c) Landscaping plans to scale showing number, type and extent of plant material proposed to be used and the proposed treatment of other surfaces of the site. Such plans shall also include the proposed treatment of the street boulevard and crossings;
- d) Context photographs of the existing site and surrounding properties;
- e) Sun, shade, shadow analysis and effects on adjoining properties, and streets at 10:00 a.m., 12:00 noon, and 2:00 p.m. on September 21 and March 21 for any building taller than 3 storeys and or 35 feet (10.67 metres) above the height datum;
- f) A coloured perspective or scale model of the finished building or structure and site development;
- g) A colour board, or coloured samples of the proposed materials;
- h) A statistical table of the proposal covering all of the conditions of use for the applicable Zoning District. The table shall include yard and setback requirements, as well as density, floor space ratio, site coverage, height and parking calculations. Balcony and open space areas and dimensions, housing unit areas, and areas set aside for recreation facilities shall be noted. Any Bylaw deficiencies shall be noted on the plans submitted;
- i) A driveway profile: the first 20 feet (6.10 metres) having a slope not greater than ten percent (10%), with a slope not greater than fifteen percent (15%) on the remainder;
- j) Drawings to scale indicating the location, size and type of all intended signs;
- k) Drawings of all Off-Street parking spaces and the manoeuvring aisles and access ramps.

Two or More Zoning Districts on One Lot

130.7 Where a lot contains more than one zone:

- a) Each zoned area shall be treated as a separate entity for the purpose of determining compliance with the provisions of the zone;
- b) All uses that are accessory to a principal use shall be provided within the area zoned for the principal use.

Penalty for Violation

- 130.8 Every person who commits any infraction of or offense against any of the provisions of this Bylaw shall, upon conviction thereof, forfeit and pay at the discretion of the convicting Judge a fine not exceeding (exclusive of costs) the sum of five thousand dollars (\$5,000) for each offense and in default of payment therefor, to imprisonment to a term not exceeding two months.

Zoning Map

140.2 The locations of the zones established by this Bylaw are show on the "Zoning Map" which, with all explanatory notes, is attached as Appendix "A" of this Bylaw.

Zone Boundary

140.3 The location of zone boundaries shall be determined by the site boundaries, except where otherwise permitted in this Bylaw.

150. Off-Street Parking

Interpretation

- 150.1 For the purposes of this section of the Bylaw only, class of building means any and all uses of buildings or sites more particularly set out in subsections 150.7 to 150.31 of this section (see below).
- 150.2 The owners or occupiers of any building or site in any Zoning District described in the Bylaw shall provide Off-Street parking space in accordance with the requirements of this Section, except where otherwise indicated in this Bylaw.

General Requirements

- 150.3 In the case of there being more than one different use in a building or on a site, the total requirements for Off-Street parking spaces shall be the sum of the requirements for the various uses computed separately.
- 150.4 Where a co-operative Off-Street parking project, satisfactory to the City, has been completed by a group of building or site owners, then the parking so provided may qualify in whole or in part as required Off-Street parking for the building or site to the extent of the owner's share of the total number of parking spaces provided in the co-operative project.
- 150.5 If Off-Street parking has been provided for any building or use, the number of parking spaces initially provided shall be continued undiminished in number so long as the building or uses continue unchanged, provided that if the number of parking spaces is in excess of the number from time to time required for the building or use, the amount may be reduced to the number so required.
- 150.6 An owner or occupier of a building any part of which is within 1,500 feet (457.20 metres) of a collective parking facility owned by the City may comply with the off-street parking space requirements specified in this bylaw, other than those specified for the parking of bicycles or under the heading "Provisions for Independent Living", by paying \$35,000 to the City, before the issuance of a building permit, for each parking space, for use by the City in accordance with the Local Government Act. **(BYLAW 7272, 2008)**

Number of Parking Spaces

- 150.7 For single detached dwellings, duplexes, secondary suites, float homes, houseboats, liveaboards and pier houses, one parking space shall be provided for each dwelling unit, bachelor unit or housekeeping unit.
- 150.8 For each *building* containing three or more *dwelling units*, the following off-street *parking spaces* shall be provided in respect of those *dwelling units*:
- a) 1.0 parking space for each *bachelor unit*;
 - b) 1.2 parking spaces for each one-bedroom *dwelling unit*;
 - c) 1.4 parking spaces for each two-bedroom *dwelling unit*;

- d) 1.5 parking spaces for each *dwelling unit* with three or more bedrooms; and
- e) for the purposes of this subsection only, a den or alcove which could be used for sleeping purposes shall be deemed to be a bedroom. **(BYLAW 7374, 2010)**

Multiple Unit Residential Visitor Parking

150.8.1 In addition to other off-street *parking spaces* required by this Bylaw, each *building* containing three or more *dwelling units*, shall provide, as parking for visitors, 0.2 parking spaces for each *dwelling unit*. **(BYLAW 7374, 2010)**

150.8.2 The visitor *parking spaces* required by subsection 150.8.1:

- (a) shall be clearly marked “Visitor Parking Only” at all times;
- (b) shall not be assigned for the use of any *dwelling unit*;
- (c) shall be held in common ownership;
- (d) shall be used only for visitor parking;
- (e) shall either be openly accessible to visitors or accessible by intercom or similar mechanism; and
- (f) shall be secured by a statutory covenant in favour of the City dealing with the continued availability of visitor parking spaces. **(BYLAW 7374, 2010)**

Downtown Parking Requirements

(BYLAW 7689, 2014)

150.8.3 Despite requirements elsewhere within this section of the bylaw, parking required *Downtown* shall be provided in accordance with regulations in this bylaw except:

150.8.4 For *multiple dwelling* buildings or uses:

- (a) 1.0 space for each bachelor and one-bedroom dwelling unit;
- (b) 1.35 spaces for each dwelling unit with two or more bedrooms; and
- (c) 0.1 visitor spaces for each dwelling unit.

150.8.5 For liquor primary licensed establishments, general offices, banks and credit unions, medical and dental clinics, restaurants, retail stores and personal service establishments:

- (a) 1 space per 72 square metres (775 square feet) of floor area, or portion thereof; or
- (b) 1 space per 100 square metres (1,076 square feet) of floor area, or portion thereof on properties zoned C-8.

150.8.6 The following trip reduction initiatives are available for sites located within the *Downtown* and parking may be reduced in accordance with the following table:

Incentives	Requirement	Reduction to	Reduction Amount
Rapid Transit Proximity	250 meters from SkyTrain Station	Total Overall Parking Required	5%
	400 meters from SkyTrain Station	Total Overall Parking Required	2.5%
Showers and lockers for Cyclists	Provision of men's and women's showers and lockers	Non-residential Parking Required.	5%

Secured Rental Residential Units Parking

(BYLAW 7688, 2014)

150.8.7 Despite any other provision of section 150 of this bylaw, off-street parking for *Secured Residential Rental Units* shall be provided as follows:

- (a) For sites, any portion of which is within 400 metres of a Skytrain Station or a *Frequent Transit Network*:
 - (i) 1 space per dwelling unit.
- (b) For sites located with the *Downtown*:
 - (i) 0.6 spaces for each bachelor or one-bedroom dwelling unit; and
 - (ii) 0.8 spaces for each dwelling unit with two or more bedrooms.
- (c) 0.1 visitor parking spaces per dwelling unit.

150.8.8 Despite any other provision of section 150 of this bylaw determining the required number of vehicular parking spaces required on a site, additional parking spaces are not required for additional *secure rental residential units* provided:

- (a) No more than 5 additional *secured rental residential units* are added to the number of dwelling units on the site prior to the adoption of Zoning Amendment Bylaw 7688, 2014; and
- (b) The site was used for *secured rental residential units* prior to the adoption of Zoning Amendment Bylaw 7688, 2014.

Family-Friendly Housing Unit Parking Incentives

(BYLAW 7924, 2018)

150.8.9 Conversion of dwelling units to increase the number of bedrooms on a site used for multiple dwellings will not require provision of additional parking spaces provided that the units conform to the Design Guidelines of the Family-Friendly Housing Policy.

150.9 For sleeping units or dormitory units, one parking space shall be provided for each 350 square feet (32.52 square metres) of floor space or portion thereof used for habitable rooms or space.

150.10 For elderly citizens' homes, the following Off-Street parking spaces shall be provided:

- a) one parking space for each five bachelor units or portion thereof;
- b) two parking spaces for each five one-bedroom units or portion thereof.
- 150.11 For youth hostels, one parking space shall be provided for each eight dwelling units, bachelor units, housekeeping units or sleeping units and, in the case of dormitory units, one parking space shall be provided for each 1,500 square feet (139.35 square metres) used for habitable rooms or space.
- 150.12 For hotels, 0.8 *parking spaces* shall be provided for each rental unit, up to a maximum of one *parking space* for each rental unit. **(BYLAW 7374, 2010)**
- 150.13 For places of worship and similar places of public assembly, one parking space shall be provided for every 100 square feet (9.29 square metres) of floor space in the rooms or portions thereof within the building accessible to the congregation or to the public. Where the building contains more than one such accessible room and the incidence of proposed use is such that concurrent use is not made of all the said rooms, then the parking requirements shall be based upon the floor area of the room or rooms actually used. **(BYLAW 7924, 2018)**
- 150.14 For schools, 0.7 parking spaces shall be provided in respect of each school staff member unless the school is within 400 metres of a transit stop at which transit service is provided between 7 a.m. and 9 a.m. and between 3 p.m. and 6 p.m. at intervals of not more than 15 minutes, in which case 0.5 spaces are required in respect of each school staff member. In calculating the number of required spaces for a school not yet in existence, the number of school staff members shall be calculated on the basis of the planned enrolment and current average staff-to-student ratios in School District # 40 for elementary schools, middle schools or secondary schools, as the case may be. **(BYLAW 7272, 2008)**
- 150.15 For hospital buildings, one parking space shall be provided for each 1,000 square feet (92.9 square meters) of gross floor area in the building, excluding floor space used for automobile storage or parking and vehicular access thereto and floor space used exclusively for building servicing and maintenance. **(BYLAW 7441, 2010)**
- 150.16 For liquor primary licensed premises, one *parking space* shall be provided for every 12.50 square metres, (135.53 square feet), or portion thereof, of floor area used by the public, but for certainty, not including service areas or washrooms, up to a maximum of one *parking space* for every 9.09 square metres (97.85 square feet) of floor area. **(BYLAW 7374, 2010)**
- 150.17 For community centres and components thereof, unless otherwise herein specifically designated, one parking space shall be provided for each 200 square feet (18.58 square metres) of net floor area.
- 150.18 For curling rinks, eight parking spaces shall be provided for each ice sheet or curling lane.
- 150.19 For general offices for which parking requirements are not specifically required by this Bylaw, one *parking space* shall be provided for each 50 square metres (538.21 square feet) of floor area, or portion thereof, up to a maximum of one *parking space* for each 31.25 square metres (336.38 square feet) of floor area. **(BYLAW 7374, 2010)**

- 150.19.1 For banks and credit unions, on *parking space* shall be provided for each 50 square metres (538.21 square feet) of floor area, or portion thereof, for a standalone *building*, and one *parking space* for each 33.33 square metres (358.80 square feet) of floor area, or portion thereof; where the bank or credit union is part of a shopping mall or other larger development, up to a maximum of one *parking space* for each 33.33 square metres (358.80 square feet) of floor area shall be required. **(BYLAW 7374, 2010)**
- 150.19.2 For medical and dental clinics, one *parking space* shall be provided for each 33.33 square metres (358.80 square feet) of floor area, or portion thereof, up to a maximum of one *parking space* for each 25 square metres (269.11 square feet) of floor area. **(BYLAW 7374, 2010)**
- 150.19.3 For restaurants:
- a) one *parking space* shall be provided for each 50 square metres (538.21 square feet) of floor area, or portion thereof, up to 100 square metres (1,076.43 square feet); and
 - b) one *parking space* shall be provided for each 40 square metres (430.57 square feet) of floor area, or portion thereof, above 100 square metres (1,076.43 square feet) and up to and including 500 square metres (5,382.13 square feet); and
 - c) one *parking space* shall be provided for each 33.33 square metres (358.80 square feet) of floor area, or portion thereof, above 500 square metres (5,382.13 square feet);
- up to a maximum of one *parking space* for each 33.33 square metres (358.80 square feet) of floor area). **(BYLAW 7374, 2010)**
- 150.19.4 For retail stores and personal service establishments, one *parking space* shall be provided for each 50 square metres (538.21 square feet) of floor area, or portion thereof, up to 10,000 square metres (107,642.62 square feet); and one *parking space* shall be provided for each 40 square metres (430.57 square feet) of floor area, or portion thereof, above 10,000 square metres (107,642.62 square feet), up to a maximum of one *parking space* per 33.33 square metres (358.80 square feet) of floor area. **(BYLAW 7374, 2010)**
- 150.19.5 Notwithstanding any other provision of this Bylaw, for offices, banks, businesses, retail stores, restaurants and personal service establishments, but not including home based businesses in mixed-use districts, where the width of the property is less than 13.72 metres (45 feet), one *parking space* shall be provided for each 92.90 square metres (1,000 square feet) or portion thereof of gross floor area of commercial use within the *building*. **(BYLAW 7374, 2010)**
- 150.20 For public libraries, one parking space shall be provided for each 800 square feet (74.32 square metres) of gross floor area of the building, including basement areas.
- 150.21 For gasoline service stations and automotive repair shops, one parking space shall be provided for each two gasoline pumps, one parking space for each service bay, one parking space for each 500 square feet (46.45 square metres) of office space and one parking space for each 1,000 square feet (92.9 square metres) of shop or storage area.

- 150.22 For manufacturing, industrial, warehouse, storage, service and repair buildings and uses, or other similar uses, one parking space shall be provided for each 1,000 square feet (92.9 square metres) of gross floor area of a building used for such purposes. For that portion of warehouse and storage buildings in excess of 200,000 square feet (18,580 square metres), one parking space for each 3,000 square feet (278.70 square metres) or portion thereof shall be provided.
- 150.23 For storage yards, display yards and other similar uses, based on the gross site area used for such purposes, the following Off-Street parking spaces shall be provided:
- a) for the first 15,000 square feet (1,393.50 square metres) -- one parking space per 3,000 square feet (278.70 square metres) or portion thereof;
 - b) for the next 25,000 square feet (2,322.50 square metres) -- one parking space per 5,000 square feet (464.5 square metres) or portion thereof;
 - c) over 40,000 square feet (3,716 square metres) -- one parking space per 15,000 square feet (1,393.50 square metres) or portion thereof.
- 150.24 For each building used to house automated communications equipment, one parking space shall be provided for each 3,000 square feet (278.70 square metres) of gross floor area of the building.
- 150.25 For marinas, the following Off-Street parking spaces on upland property shall be provided:
- a) parking space for each moorage space for float home and liveaboard vessel moorage in the marina;
 - b) parking space for every recreational vessel moorage space.
- 150.26 For dry storage facilities, 0.6 parking space shall be provided for each vessel storage space in the vicinity.
- 150.27 For mini storage buildings, one parking space shall be provided for each 3,500 square feet (325.15 square metres) of gross floor area.
- 150.28 For any child care facility in a non-residential building or a portion of a non-residential building one space shall be provided for each 50 square metres (538.21 sq. feet) of floor area. **(BYLAW 7767, 2015)**

- 150.38 The total number of compact parking spaces shall not be greater than thirty percent (30%) of the total number of required parking spaces.
- 150.39 All compact vehicle parking spaces shall be marked with appropriate signage indicating that the parking spaces are for “compact vehicles only”.
- 150.40 Where there are no parking spaces off a driving aisle, the minimum width of that portion of the driving aisle shall be 20 feet (6.10 metres) for two-way traffic and 12 feet (3.66 metres) for one-way traffic.

Location of Off-Street Parking

- 150.41 All required Off-Street parking shall be provided on the same site as the building or portion of the building it is intended to serve, except:
- a) In the (RW-1) District, an owner may elect to provide some or all of the required Off-Street parking for residential buildings on another site and in all other Districts, except (C-4) Districts, an owner may elect to provide some or all of the required Off-Street parking for non-residential buildings or uses on another site provided that:
 - i) such alternative parking site is situated not more than 300 feet (91.44 metres) from the building, or portion of a building, or use it is intended to serve; and
 - ii) such alternative site is used solely for automobile parking purposes; and
 - iii) such alternative site is zoned as a (CP-1) or (CP-2) District; and
 - iv) a restrictive covenant be registered against the title of the alternative parking site in favour of the City to ensure that the alternative site provides the required parking spaces; and
 - v) a parking space provided for a building or a site by the restrictive covenant for an alternative parking site shall not serve as the required parking for any other building or site.
 - b) Within the area shown on the map in Appendix J, an owner may elect to provide some or all of the required parking for residential or non-residential buildings or uses on another site owned by him, or by another owner including a civic parking authority, provided that:
 - i) such alternative parking is situated not more than 1,500 feet (457.20 metres) distance from the building, or portion of a building, or use it is intended to serve; and

(BYLAW 7466, 2011)

- ii) the owner of the building, or portion of a building, or use and the owner of the alternative parking site enter into an agreement satisfactory to the City and a copy of which is upon demand filed with the City Clerk.
 - c) For residential uses, in Section 400, multi-unit residential districts, or Section 500, commercial districts other than in an (RW-1) or (C-4) districts, an owner may elect to provide some or all of the required off-street parking for residential buildings on another site owned by him or by another owner, provided that:
 - i) such alternative parking area is clearly signed as being the off-street parking use of the residential buildings on the other site;
 - ii) such alternative parking area is located not more than 300 feet distance from the building(s) it is intended to serve;
 - iii) such alternative parking space is designed in accordance with the recommendations of a report incorporating CPTED principles;
 - iv) the owner of the building(s) and the owner of the alternative parking site enter into an agreement satisfactory to the City and which agreement is registered in the Land Title Office;
 - v) such alternative parking area is underground if in an (R) Districts or underground or in a garage if in a (C) Districts. **(BYLAW 6721, 2002)**

No requirement.

155.3 If a use is not listed in the table, the number of bicycle parking spaces shall be calculated on the basis of a similar use as determined by the Director of Development Services.

155.4 No bicycle parking space shall be required when the calculation results in a requirement of less than one bicycle parking space.

Long Term Bicycle Parking Standards

155.5 *Long term bicycle parking* spaces shall be provided in a *bicycle storage facility* or in individual *bicycle lockers*, in each case meeting the following standards:

Bicycle Storage Facilities

- a) *Long term bicycle parking* spaces located within a *bicycle storage facility* shall be within an area which is only accessible to residents or employees of premises in the building through a lock and key or a programmed entry system, and that provides individual bicycle parking spaces for securing the bicycle by the owner of the bicycle.
- b) *Bicycle storage facilities* shall be designed to accommodate a maximum of 40 bicycles, not including those within *bicycle lockers*.
- c) *Long term bicycle parking* spaces shall be securely enclosed by solid opaque walls or a compound enclosed by metal mesh.
- d) The entry door and frame to the *bicycle storage facility* shall be constructed of steel.
- e) The entire interior of the *bicycle storage facility* shall be visible from the entry doorway.

- f) A minimum of 50 percent of the long term bicycle parking spaces in a bicycle storage facility shall allow for a bicycle to be parked horizontally on the floor.
(BYLAW 7357, 2009)
- g) A minimum of 20% of the *long term bicycle parking* spaces bicycles shall be bicycle lockers.
- h) Each *long term bicycle parking* space shall be independently accessible from an aisle having a minimum width of 1.2 meters.
- i) Each *long term bicycle parking* space that is not a bicycle locker shall comprise a bicycle parking rack constructed of sturdy theft-resistant material and anchored to the floor with theft resistant anchoring. The bicycle rack shall allow the frame and one wheel of the bicycle to be locked to the rack with a standard U-shaped shackle lock and shall be installed a minimum of 0.6 metres from any wall.
- j) Each *long term bicycle parking* space shall have at least 1.9 metres vertical clearance, and be at least 0.6 metres in width and 1.8 metres in length if the bicycles are to be placed horizontally, and 1.0 metre in length if the bicycles are to be placed vertically.
- k) All *bicycle storage facilities* shall be painted white.
- l) Electric outlets shall be provided in all *bicycle storage facilities* such that no parking space is more than 5 metres from an outlet.

Bicycle Lockers

- a) The minimum inside dimension of a *bicycle locker* shall be 0.6 metres in width at the door end, 0.2 metres in width at the opposite door, 1.8 metres in length and 1.2 metres in height.
- b) Each *bicycle locker* shall be at least 2 metres away from the edge of the nearest bicycle parking space.
- c) *Bicycle lockers* shall be constructed of solid, opaque, and theft resistant material with a lockable door which opens to full width and height of the locker.

Short Term Bicycle Parking Standards

155.6 Each *short term bicycle parking* space shall be in compliance with the following:

- a) Each *short term bicycle parking* space shall be provided in the form of racks which provide minimum measurements of 0.6m (2 feet)in width and 1.8m in length (6 feet)
- b) Each *short term bicycle parking* space shall be independently accessible by means of an aisle with a minimum width of 4 feet (1.2m) which is separate from pedestrian access to the premises for which the parking space is required.

- c) Racks providing two or more *short term bicycle parking* spaces shall be constructed of solid, opaque and theft resistant material and shall have sturdy theft-resistant anchoring to the floor or ground. The bicycle rack shall enable the bicycle frame and one wheel to be locked to the rack with a standard U-shaped shackle lock.
- d) Each short term bicycle parking space shall be provided in a convenient, well-lit location. If the *short term bicycle parking* spaces are not readily visible from the principal entrance to the premises for which the spaces are required, appropriate directional signage shall be provided.

160. Off-Street Loading

160.1 The owners or occupiers of any building, or portion of a building, in any Zoning District described in this Bylaw shall provide Off-Street loading space in accordance with the requirements of this section.

General Requirements

160.2 In the case of there being more than one different use in a building, or portion of a building, or on a site, the total requirements for Off-Street loading spaces shall be the sum of the requirements for the various uses computed separately.

160.3 The regulations herein contained setting out the number of loading spaces to be provided for any specific class of building, or portion of a building, or use shall not be deemed to refer to those buildings, or portion of buildings, or uses existing on the 15th day of September 1966 and thereafter continuing without alteration of the building, or portion of a building, or use, provided that if the building, or portion of a building, or use is altered after the 15th day of September 1966 and the number of loading spaces then required is more than ten percent (10%) in excess of the number that was required for such class of building, or portion of a building, or use immediately prior to the alteration, then the number of loading spaces required shall be that required for a new building, or portion of a building, or use of the same class.

Number of Loading Spaces

160.4 For every site used as a retail store, office building, business, hotel, industry, warehouse or other similar use, based on the gross floor area of any building, or portion of a building, or buildings the following Off-Street loading spaces shall be provided:

- a) for the first 3,000 square feet (278.70 square metres) -- no Off-Street loading space;
- b) for the next 15,000 square feet (1,393.50 square metres) or portion thereof -- one loading space;
- c) for the next 100,000 square feet (9,290 square metres) -- one loading space for each 25,000 square feet (2,322.50 square metres) or portion thereof;
- d) over 118,000 square feet (10,962.20 square metres) -- one loading space for each 50,000 square feet (4645 square metres) or portion thereof.

160.5 For every site used as a space of public assembly, hospital, institution, club or lodge, auditorium, public utility, school or other similar use, one loading space shall be provided for the first 30,000 square feet (2,787 square metres) or less of gross floor area of the building, or portion of a building, or buildings plus one space for each additional 50,000 square feet (4,645 square metres) or portion thereof of gross floor area over 30,000 square feet (2,787 square metres).

- 160.6 In addition to the loading spaces required under Section 160.5, for every school building not in existence upon the adoption of this bylaw, including any school building replacing a school building in existence on that date and for every school addition constructed after that date, off-street passenger loading and unloading spaces shall be provided in the number recommended by a professional engineer with experience in traffic engineering, on the basis of a site-specific study that takes into consideration all of the following:
- a) student drop-off and pick-up demand, adult daytime student parking demand, and opportunities for demand management;
 - b) site constraints and opportunities for the provision of off-street passenger loading and unloading facilities;
 - c) anticipated traffic impacts from unregulated on-street drop-off and pick-up activity, the extent to which such impacts may be managed without providing off-street facilities, and improvements required to manage such impacts; and
 - d) street improvements including sidewalks, crosswalks, traffic signals, and lighting that would promote the use of alternative pedestrian and cycling modes of parent and student transportation to and from the school. **(BYLAW 7272, 2008)**

Size of Loading Spaces

- 160.7 The required spaces for Off-Street loading shall be of sufficient size to accommodate the type of vehicles which will customarily be loading or unloading but in no case shall be less than 25 feet (7.62 metres) in length, 10 feet (3.05 metres) in width and 12 feet (3.66 metres) in height.

Access to Loading Spaces

- 160.8 Adequate driveway and manoeuvring space shall be available at all times permitting direct unobstructed access to each loading space from the street or lane entrance to the loading area.

Location of Off-Street Loading

- 160.9 All required Off-Street loading spaces shall be located on the same site as the building, or portion of a building, it is intended to serve, but not within the required front or side yards, nor within 10 feet (3.05 metres) of any site line bounded by a street.

Landscaping and Screening

- 160.10 All required Off-Street loading spaces and access thereto located on a site within an (R) District or adjoining an (R) District shall be effectively screened and shall not be closer than 10 feet (3.05 metres) from the side property boundary of such site in an (R) District.

Surfacing, Drainage

- 160.11 Every Off-Street loading space and access thereto shall be surfaced with an asphaltic pavement or with a similar type of surface which is equally durable for the purpose and dust free and shall be so graded and drained as to properly dispose of surface water.

170. Special Conditions

Locked-in Lot

- 170.1 In (R) Districts, it shall be unlawful to construct any building, or portion of a building, or buildings which will create a 'locked-in lot'.

Height of Building

- 170.2 The limitation in respect of the height of buildings and structures specified in this Bylaw shall not apply to church spires, belfries, domes, monuments, fire and hose towers, chimneys, flag poles, satellite dishes, radio and television masts, aerials and towers, scenery lofts in theatres, elevator and ventilating machinery, penthouses or other necessary mechanical appurtenances, provided that no such structure shall cover more than twenty percent (20%) of the site, or if located on a building, not more than ten percent (10%) of the roof area of the principal building.
- 170.3 In (RM) Districts, any storey used exclusively for parking or accessory use and located below the height datum shall be excluded from the measurement of the height of the building.
- 170.4 In (C), (P), and (M) Districts, any storey used exclusively for parking and located below the height datum shall be excluded from the measurement of the height of the building.

Corner Sites

- 170.5 In the case of a site, other than a through site, abutting two or more streets, the front of the site shall be deemed to be the street boundary of the site with the shortest dimension and the rear of the site shall be the site boundary opposite the front of the site, provided that in (RM) and (C) Districts, the street boundary of the site with the longest dimension may be deemed to be the front of the site.

Yards for Attached Dwellings

- 170.6 For the purpose of yard regulations, a duplex dwelling (being a building containing two dwellings) or a double duplex dwelling (being two duplex dwellings attached or partly attached side by side), or row houses and townhouses of not more than four attached dwellings, shall be considered as one building occupying one site.

Through Sites

- 170.7 A building on a through site shall have a front yard on each street in accordance with front yard regulations of the District in which the site is located.
- 170.7.1 Notwithstanding any other provisions of this bylaw, for a through site used for a single detached dwelling, one of the front yards of the through site may be deemed to be a rear yard provided that none of the principal entries to the dwellings located on any abutting site, and the sites abutting those sites, are oriented toward the to-be-deemed rear yard of the through site. Use and siting of the deemed rear yard shall conform to the requirements of the applicable zone.
- (BYLAW 7624, 2013)**

Limitation of a Building to One Site

170.8 No building or structure or portion thereof shall be constructed or extended on or over site lines.

Limitation on Number of Buildings on a Site

170.9 In (RS-1), (RS-2), (RS-5), (RS-6), (NR-1), (NR-2), (NR-5), (RQ-1), (RQ-5) and (RT-1) Districts, not more than one building and its accessory buildings shall be placed or erected upon a site, and where a building or structure already exists on a site and a building permit is issued for a substitute building or structure for the same site, and the Director of Engineering is satisfied that the presently constructed building or structure will be removed from such site upon completion of the substitute building, or within one year of the issuance of the building permit, whichever is sooner, the Director of Engineering is herein authorized to demolish upon completion of the substitute building or within one year of the issuance of the building permit for the substitute building, whichever is sooner, any building or structure on the site which is in contravention of this subsection of the Bylaw after he or she gives 30 days written notice of this contemplated action to the owner, tenant or occupier of the site. An accessory building, or portion of a building, in the (RS-1), (RS-2), (RS-5), (RS-6), (NR-1) and (RT-1) Districts must not be used for housing or for business purposes, except for a home based business.

170.9.1

- a) In this section 170.9.1, “dominant site” means a site on which is located a building that encroaches upon another lot and “servient lot” means the lot on which such a building encroaches, regardless of whether the encroachment is authorized by private easement, and a building is not considered to encroach on an abutting site if only eaves, gutters or cantilevered portions of the building project over the site boundary; **(BYLAW 7494, 2011)**
- b) An encroaching building may be ignored for the purposes of determining whether there is more than one building on a site under s. 170.9, if the building takes its civic address from an abutting site and the encroachment comprises less than 50 percent of the ground floor area of the building measured to the outside surface of the outer walls of the building foundation. If exactly 50 percent of the ground floor area of the building is on each of two abutting sites, the portion of the building that is located on the site on which the building has its principal entrance shall be deemed to comprise more than 50 percent of the ground floor area of the building; **(BYLAW 7494, 2011)**
- c) Where this bylaw regulates the floor area or site coverage on a lot and a building is encroaching on the lot up to but not exceeding the extent described in section 170.9.1(b), the floor area and site coverage of the encroaching building must be included in calculating the floor area and site coverage of the dominant lot; **(BYLAW 7494, 2011)**

- d) Where this bylaw regulates the floor area or site coverage on a lot and a building is encroaching on the lot up to but not exceeding the extent described in section 170.9.1(b), the floor area and site coverage of the encroaching building may be ignored in calculating the floor area and site coverage of the servient lot, provided that the encroachment does not cover more than 5 percent of the area of the servient lot; **(BYLAW 7494, 2011)**
- e) e) Where this bylaw regulates the floor area or site coverage on a lot and a building is encroaching on the lot up to but not exceeding the extent described in section 170.9.1(b), and the encroachment covers more than 5 percent of the area of the servient lot, the floor area and site coverage of the encroaching building may be ignored in calculating the floor area and site coverage of the servient lot but the area of the servient lot that is covered by the encroachment shall not be included in the calculation, whether or not the portion of the building that covers the servient lot is floor space that must be included within floor space ratio calculations for the dominant lot under this bylaw; **(BYLAW 7494, 2011)**

Site Requirements

- 170.10 A site shall consist of one undivided lot or parcel of land the description and certificate to which is on record in the New Westminster Land Title Office.

Yards in Relation to Building Lines

- 170.11 Whenever a building line has been established under this Bylaw, or under any other Bylaw of the City, the depth or width of any required yard or setback prescribed in this Bylaw shall be measured from the relevant building line and not from the boundary line of the site.

New Westminster Redevelopment Act, 1989

- 170.12 Sites within the area delineated in **Supplementary Plan No. 1** attached to this Section and forming part of this Bylaw are also subject to the provisions of the New Westminster Redevelopment Act, 1989, as amended or replaced from time to time and Downtown New Westminster Redevelopment Bylaw No. 5859, 1989, as amended or replaced from time to time. These enactments provide for a design review panel to review plans for development within this area and require that an owner of land within this area obtain a Special Development Permit issuable by the Director of Planning before beginning development on such land.

Child Care in Multiple Family Buildings

- 170.13 Any child care facility created within a purpose-designed multiple family building shall meet the following conditions:
- a) A witnessed letter of authorization from the owner of a rental building or the council of a condominium or cooperative shall be provided;
 - b) Shall not exceed 25 children in any one facility; and
 - c) Need not provide any Off-Street parking spaces. **(BYLAW 7767, 2015)**

Beverage Container Return Depots

170.14 An Accessory Recycling Return Centre shall not exceed 278.70 square metres (3,000 square feet) in floor area, and an Accessory Recycling Return Centre or a Recycling Return Centre shall meet the following conditions: **(BYLAW 7308, 2009)**

- a) all activities must be conducted inside a building or portion of a building;
- b) all customer service and retail operations must be conducted at the front of the building or portion of the building;
- c) any preparation for shipment activities, including glass breaking must be conducted in a completely enclosed area not visible from the street or adjacent parking area and not adjacent to any window or area visible from a window;
- d) no storage of materials or equipment shall occur outside the building, or portion of the building.

Repairs to Buildings Experiencing Water Penetration

170.15 Despite provision elsewhere in this Bylaw, where it is necessary to repair the walls of a building, or portion of a building, experiencing water penetration, for the purposes only of that repair and for no other purpose, the walls may encroach up to 8 inches into the surrounding yards and any encroachment of the building, or portion of a building, is considered to be exempt to that extent from any floor space, site coverage or yard limitations for the purpose of that repair only.

170.16 Deleted **(BYLAW 7697, 2014)**

Cottage Breweries

170.17 Any cottage brewery in a (C) District shall meet the following conditions: **(BYLAW 6725, 2002)**

- a) all of the customer and service operations must be conducted at the front of the building or portion of the building;
- b) no storage of bottles, materials or equipment shall be stored outside the building or portion of building;
- c) all preparation for shipment must be conducted inside the building and not visible from the street;
- d) must not be on the same site as a hotel or hotel complex.

Live-Work Units

170.18 Any live-work unit shall meet the following conditions: **(BYLAW 6772, 2002)**

- a) shall be considered as a commercial unit for the purposes of calculating floor space and off-street parking requirements;

- b) shall provide to the City a covenant stipulating that the ground floor space remain in commercial use at all times;
 - c) shall provide to the City a covenant stipulating that the live-work unit shall remain as on unit of ownership as long as one dwelling unit is allowed within the live-work unit;
 - d) if the dwelling unit is removed from the live-work unit, it may only be re-established if it satisfies the definition of live-work unit and the requirements of 170.18
 - e) if the commercial business in the area above the ground floor is removed, it may be re-established if it satisfies the definition of live-work unit and the requirements of Section 170.18
- (BYLAW 6931, 2004)**

Outdoor Storage

170.19 Any *outdoor storage* use shall meet the following conditions:

- a) Areas used for *outdoor storage* shall be setback from all property lines a distance of not less than that indicated in the table below:

Property Line	Minimum Setback Distance
Front Property Line	7.62 metres (25 feet)
Side Property Line	3.05 metres (10 feet)
Rear Property Line	3.05 metres (10 feet)

- b) Areas used for *outdoor storage* shall be setback not less than 7.62 metres (25 feet) from any abutting *site* which is used or zoned for residential uses ;
 - c) Goods or materials shall not be stored higher than 9 metres (29.53 feet);
 - d) Areas used for outdoor storage shall be screened by buildings, solid fences or evergreen hedges which are not less than 2.44 metres (8 feet) in height, and which shall be maintained and be in good conditions at all times; and
 - e) Any goods or materials which are higher than the provided screening shall be setback not less than 15.25 metres (50 feet) from all property lines
- (BYLAW 7615, 2013)**

Shipping Container Storage

170.20 Any storage of *shipping containers* shall meet the following conditions:

- a) Areas used for storage of *shipping containers* shall be setback from all property lines a distance of not less than that indicated in the table below:

Property Line	Minimum Setback Distance
Front Property Line	7.62 metres (25 feet)
Side Property Line	3.05 metres (10 feet)
Rear Property Line	3.05 metres (10 feet)

- b) Areas used for storage of *shipping containers* shall be screened by buildings, solid fences or evergreen hedges which are not less than 2.44 metres (8 feet) in height, and which shall be maintained and be in good conditions at all times;
- c) For *sites* zoned Light Industrial Districts (M-1) the following conditions shall apply to areas used for *shipping container* storage:
- i) No more than 20 shipping containers shall be permitted on the *site*; and
 - ii) The height of stored *shipping containers* shall not exceed 3 metres (9.84 feet);
- d) For *sites* zoned Heavy Industrial Districts (M-2) the following conditions shall apply:
- i) The height of stored *shipping containers* shall not exceed 9 metres (29.53 feet);
 - ii) No stored *shipping container* shall be located within 15.25 metres (50 feet) of any property line abutting a *site* used or zoned for residential use; and
 - iii) Any shipping container which is higher than the provided screening, shall be setback not less than 15.25 metres (50 feet) from all property lines.

190. General Regulations

- 190.1 The provisions of the Zoning District Schedules contained in this Bylaw shall apply to buildings, or portion of buildings, and structures and to the use of buildings, structures and land or portions thereof situated within the Zoning Districts defined, designated, delimited and described in this Bylaw and shown on the plan annexed hereto and marked as Appendix "A".
- 190.2 It shall be unlawful to alter, repair, erect, construct, locate, maintain or reconstruct or cause to be altered, repaired, erected, constructed, located, maintained or reconstructed any building, structure or land, or portion thereof, save and except for such permitted uses and under such conditions of use as set forth in the Zoning Districts provided further that any General Requirements or Special Conditions set out in this Bylaw shall also apply to such uses and conditions of use.

Screening and Landscaping

- 190.3 In (R), (C) and (P) Districts, any part of a site not used for building, parking or loading facilities or outdoor recreation shall be fully and suitably landscaped and properly maintained.
- 190.4 In (M) Districts, any part of a site not used for building, manufacturing, storage, parking or loading facilities or outdoor recreation shall be fully and suitably landscaped and properly maintained.
- 190.5 Deleted. **(BYLAW 7480, 2011)**

Non-Conforming Buildings, Uses or Structures

- 190.6 Where the use of land, buildings or structures or portions thereof does not conform with this Bylaw and was lawfully used prior to the enactment of the prohibition in this Bylaw, the land, building or structure or portion thereof may only be lawfully used, maintained, repaired, extended, altered or reconstructed in accordance with section 911 of the Local Government Act R.S.B.C. 1996, as amended or replaced from time to time.

Maintenance of Required Yards if Site Reduced

- 190.7 No site shall be so reduced or diminished that the yards or other open spaces shall be smaller than prescribed by this Bylaw.
- 190.8 Deleted
- 190.9 Deleted.

Display Yards and Service Stations

- 190.10 Any display yard or service station or car sales lot shall be separated from an adjoining street or from an abutting lot in an (R) or (P) District by a fully and suitably landscaped and properly maintained strip of not less than 5 feet (1.52 metres) in width.

Conformity of Raised Buildings to Yard Requirements

- 190.11 Any building, or portion of a building, raised more than 3 feet from its existing foundation shall be placed so as to conform to the yard requirements of the District in which such building or portion of a building is situated. **(BYLAW 6740, 2002)**

Retaining Walls

- 190.11.1 Notwithstanding that retaining walls are not permitted within setbacks and yards, the following exemptions are permitted:
- a) Retaining walls on sites used for commercial, industrial, or institutional uses or for multiple dwellings, shall be permitted within required yards and setbacks provided they are authorized by a Development Permit if applicable; or
 - b) Retaining walls on sites used for or zoned for residential purposes, except multiple dwellings, shall be permitted within required yards and setbacks provided:
 - i) the height of a retaining wall, measured from the lowest ground level at the base of the retaining wall to the highest ground level at or near the top of the retaining wall, at any point along the retaining wall, shall not exceed:
 - 1) 1.22 metres (4 feet) for a retaining wall which is not specifically contemplated by this subsection; or
 - 2) 0.61 metres (2 feet) for a retaining wall located within 1.22 metres (4 feet) of, and which runs approximately parallel to, either an interior side lot line or interior rear property line; or
 - 3) 1.83 metres (6 feet) for a retaining wall used as a window well;
 - 4) 3 metres (9.84 feet) for a retaining wall bounding a pedestrian entrance, including one stairway, which is located between a building and the rear property line, and which serves a level of a building located below grade;
 - 5) 1.83 metres (6 feet) for a retaining wall bounding a pedestrian entrance, including one stairway, which is located between a building and a side property line and which serves a level of a building located below grade. The stairway serving this pedestrian entrance shall not exceed 3.05 metres (10 feet) in total length;
 - ii) the distance between adjacent retaining walls which are approximately parallel, as measured from their closest distance, shall not be less than the height of the higher retaining wall **(BYLAW 7614, 2013)**

Fences

- 190.12 Any fence, wall, hedge or other structure not being a building which exceeds the height limitations specified in this section (190.12 to 190.19) shall comply with the height and setback requirements prescribed for buildings and structures within the District in which it is located.

- 190.13 The height of a fence, wall or hedge shall be determined by measurement from the ground level at the average grade level within 3 feet (.91 metres) of both sides of such fence, wall or hedge.
- 190.14 At street intersections on a corner site in any District where front or side yards are required by this Bylaw, no fence, wall or hedge or other vegetation shall be allowed at a greater height than 3 feet (.91 metres) above the established elevation of the centre point of an intersection of streets, at or within a distance of 15 feet (4.57 metres) of the corner of the site at the intersection of the streets.
- 190.15 Where trees are situated on a corner site, all trees shall be trimmed in such a manner that no branches or foliage shall be at a lesser height than 6 feet (1.83 metres) above the established elevation of the centre point of intersecting streets at any place where such land is at or within a distance of 15 feet (4.57 metres) of the corner of the site at the intersection of streets.
