5.4 Theme of Heritage Week 2019 – “Heritage: The Tie That Binds” (Rob McCullough)	
Heritage reaches back in time to tell stories of our near and distant pasts, to describe our present and to foretell our future. These stories are the threads that interweave memory, culture, place, and practice. As we listen and learn, gaining knowledge from elders and experiences, a richer story is revealed. People and place are woven into a detailed tapestry of history and heritage. A complex, interconnected world is revealed. Rich stories are told and cultures are described, all bound together by the threads of heritage.
