

The City of New Westminster recovery plan guides the gradual reopening of civic facilities and the restoration of programs and services that were closed or suspended as a result of the COVID-19 pandemic.

Reopening will be gradual, aligning with Public Health Orders and in accordance with BC's Restart Plan, WorkSafeBC, and industry-specific guidelines. The restoration of services will also be dependent on the City's ability to ensure all appropriate safety protocols are maintained. Other key criteria includes consideration of the City's financial constraints due to impacts of COVID-19, coordinating with neighbouring municipalities, and aligning with the principles and values established by New Westminster City Council.

The following facilities and services are closed for the entire 2020 season:

- Grimston Park Wading Pool
- Hume Park Outdoor Pool
- Queen's Park Petting Farm
- Q to Q Ferry Service

While facilities may be closed to the public, many services are being offered by appointment and several departments are offering a variety of online and virtual programming.

Please check our website for more information and the latest updates on the recovery plan:
