

## How to Use this Guide

The fees in this guide are listed in two sections: [Basic Service Fees](#) and [Additional Service Fees](#). Development Application Review Fees are the basic service fee for application review, as set out in the [Development Services Fees and Rates Bylaw No. 7863, 2014](#), which is updated annually. Additional fees cover services which may not be required for all application types (eg., reviewing a comprehensive sign plan or City-led public consultation) and so are added to the basic service fee as required.

For convenience, each application type under Development Application Review Fees has the additional fees which are typically charged also listed. The full list of fees which may be applicable to a development application are listed under Additional Fees. Before you pay the required fees for a project, Planning Division staff will confirm the amount and which additional fees are applicable.

## Refunds

Unless otherwise specified, 25% of the application fees may be refunded to the applicant if the application is withdrawn prior to the submission of the first report to Council or to the Land Use and Planning Committee.
