**Living Wage Information**4.7 **IT 20 (add clause 20 as follows)**

Effective January 1, 2011, the City of New Westminster became a “Living Wage Employer” (see Form of Tender - Appendix 7). As such, the City has established a [Living Wage Policy](#) that requires all firms that are contracted by the City to provide services on City premises, to pay their employees, who perform said service on City property, a Living Wage as calculated by the Living Wage for Families Campaign. The current living wage rate for Metro Vancouver is \$19.50 per hour, assuming no benefits are provided by the employer.

In order to determine an employee’s hourly rate with benefits the Living Wage for Families has created a Living Wage Calculator to assist with this determination. Please access the following website to determine your compatibility.

[http://www.livingwageforfamilies.ca/living\\_wage\\_calculator](http://www.livingwageforfamilies.ca/living_wage_calculator)

The City includes in all its competitive bid documents a Declaration referencing the City’s expectations with regards to compliance of the Policy. Completion and submission of the Declaration is required prior to Contract award (see Form of Tender - Appendix 7).

In evaluating submissions, the City intends to rely on the Declaration provided by a Respondent and shall have no obligation or duty to investigate the truthfulness of the Declaration.

Please review the City's [Living Wage Page](#) for further information.

**Good Neighbour Protocol**

4.8 **IT 21 (add clause 21 as follows)**

This policy is for City-led construction projects and works. The [Good Neighbour Protocol](#) (GNP) provides guidelines to minimize construction related impacts to residents and businesses.

Please advise what Engine Tier your proposed equipment meets and if it complies with Metro Vancouver's Bylaw. Provide the engine registration number issued by Metro Vancouver if applicable. The City, at its discretion, may give preference to equipment that meets higher emission standards. To register your equipment call Metro Vancouver for assistance at 604-451-6655 or visit [www.metrovancouver.org/nonroadiesel](http://www.metrovancouver.org/nonroadiesel)
