ENQUIRIES AND RESPONSES #1
NWRFP-19-25
Server Refresh
New Westminster, BC

ANSWERS TO SUBMITTED QUESTIONS

- Q1 Will the City consider running 2 management tools for a period of time until the legacy IBM & Lenovo servers (5 listed in RFP) are replaced?
- A1 No – the City has other servers that have several years left on their refresh cycle and the City does not want to have to have different systems to manage them.
- Q2 Can you please provide a list of workloads on the current VMware environment? Number vCPU, Memory, etc.?
- A2 No – this information is not relevant to responding to this RFP. This discussion will occur with the lead Proponent.
