ENQUIRIES AND RESPONSES #1
NWRFP-24-13
Engineering Services, Structures Rehabilitation Program
New Westminster, BC

ANSWERS TO SUBMITTED QUESTIONS

- Q1 Following the issue of Addendum #2, does that eliminate the need to fill out Appendix F - Statement of Work?
- A1 Consultants can submit the detailed statement of work for phase 1, which involves structural assessment. For phase 2, providing a general approach to designing and repairing the structure would suffice, as we currently do not have clarity on which structure needs rehabilitation.

END of Enquiries and Responses

Yours truly,

Heather Rossi
