

F. Comprehensive Development Development Permit Areas

INTENT

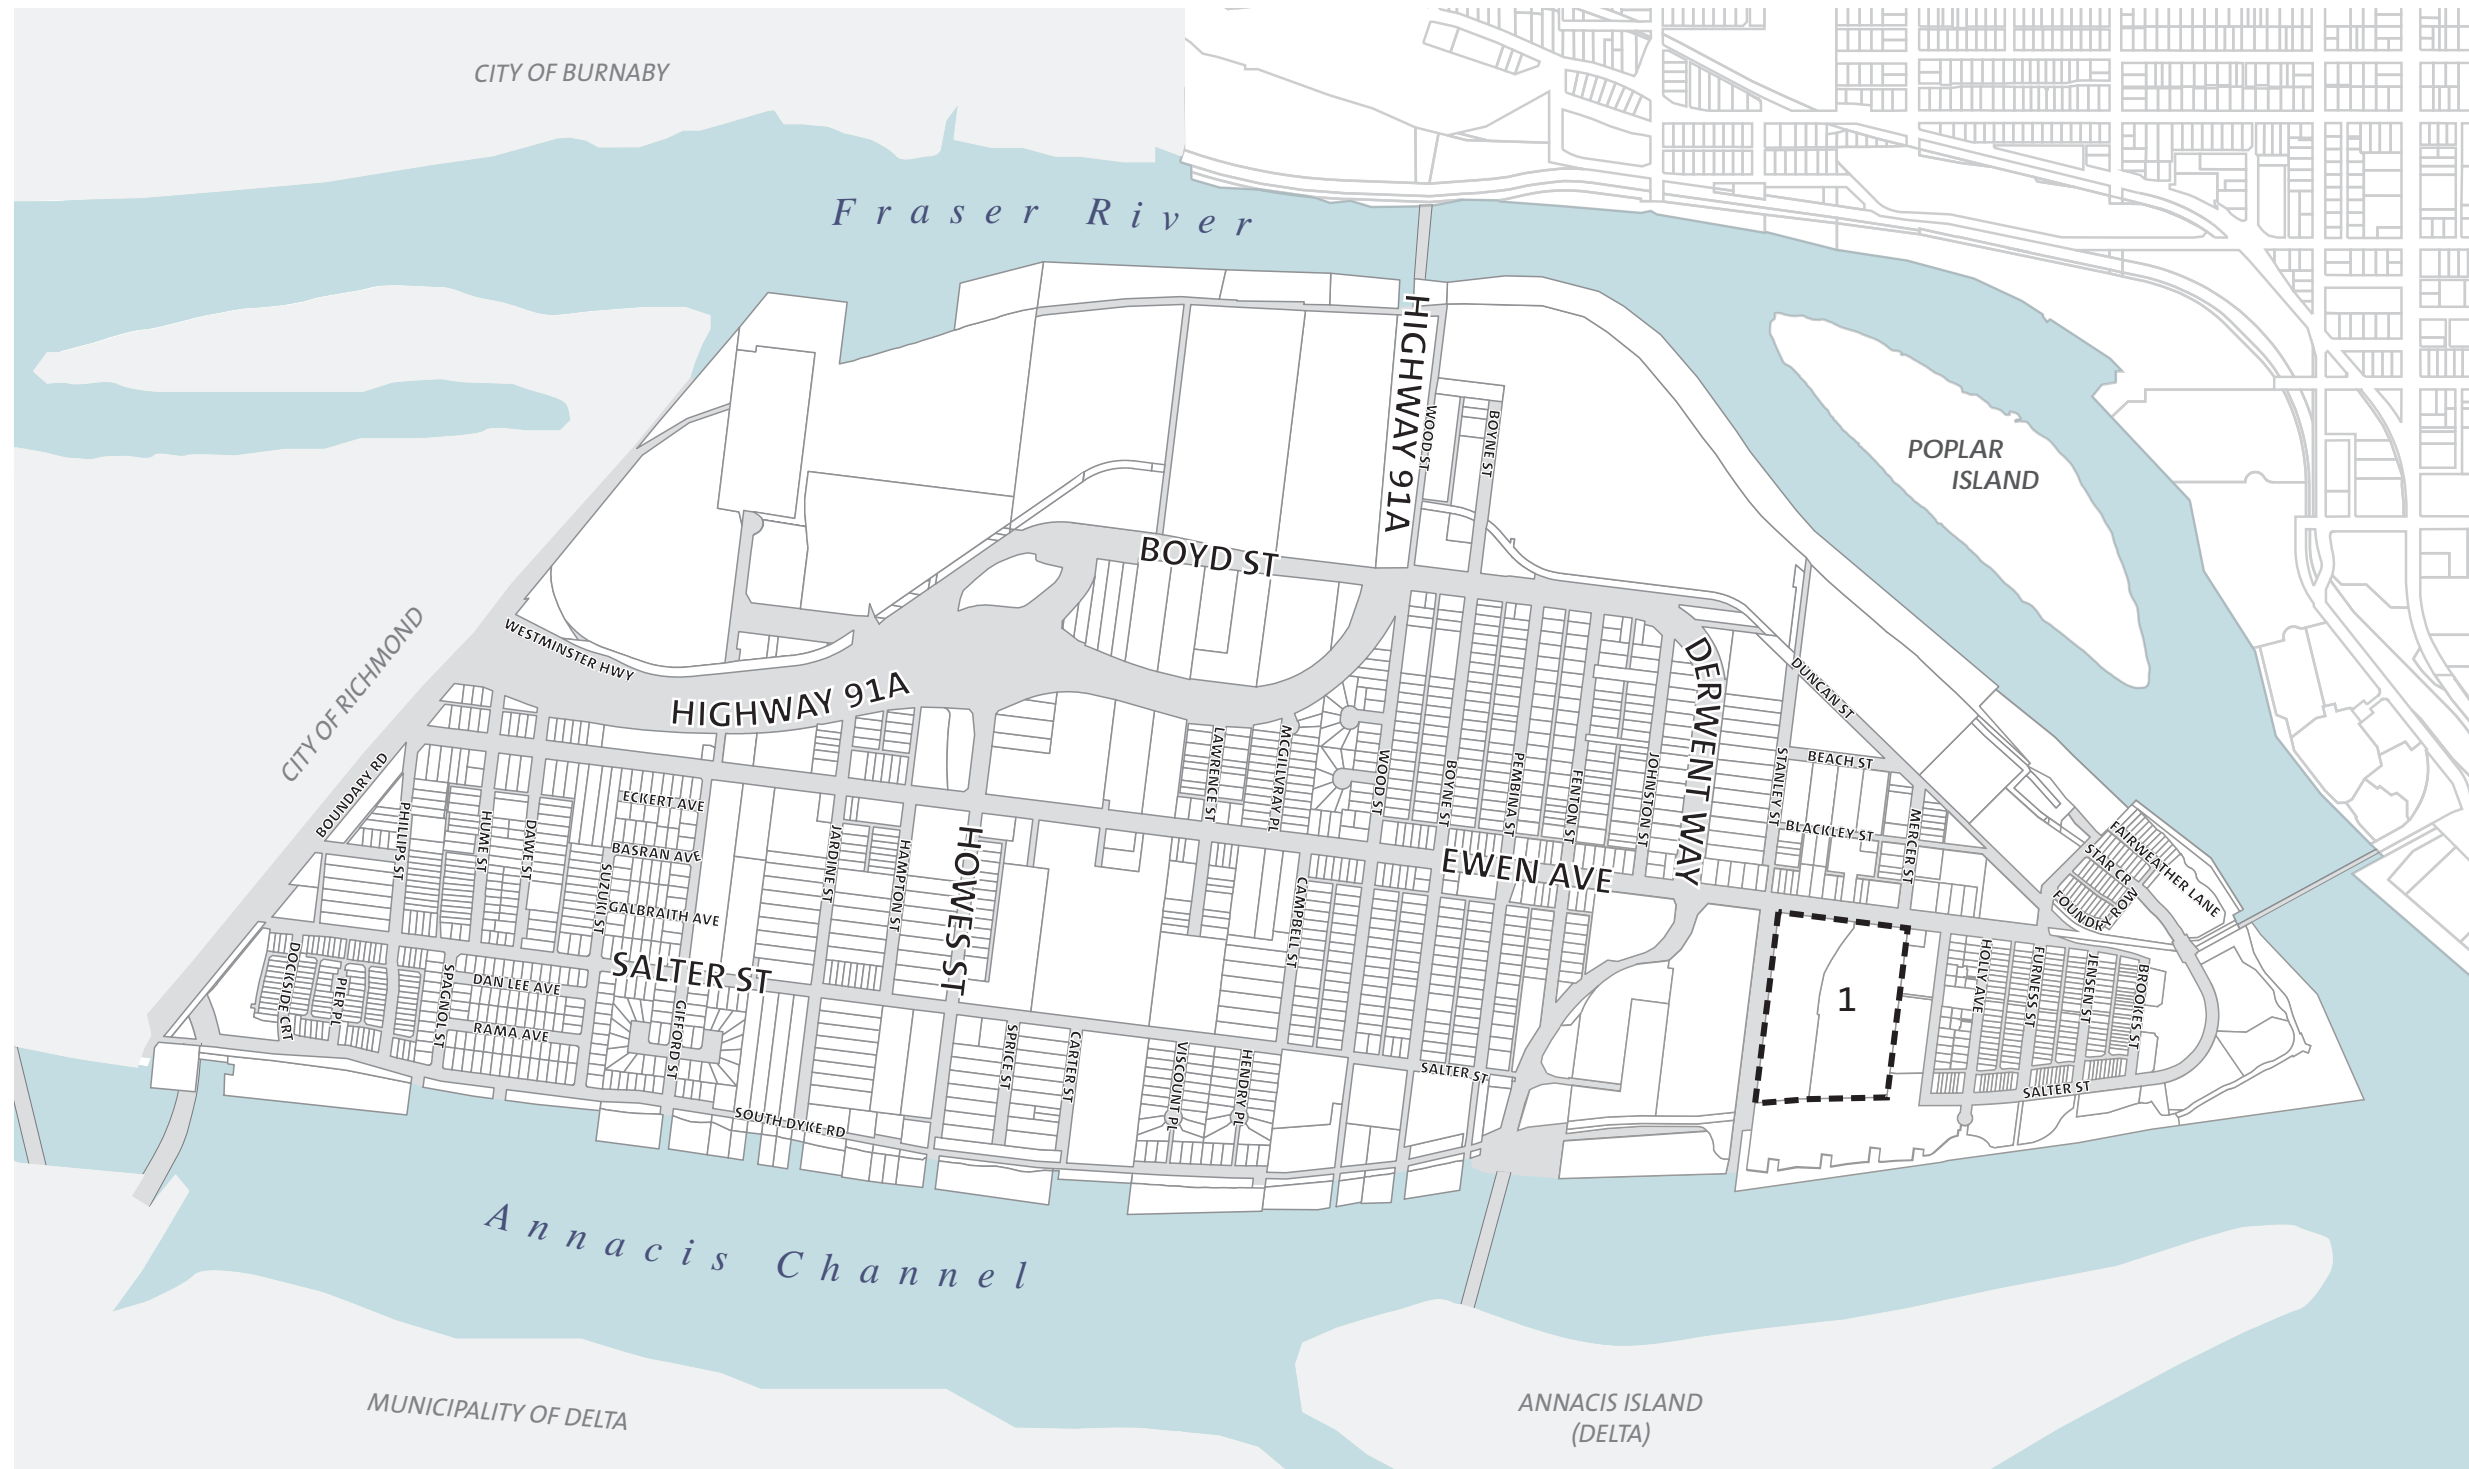

This Development Permit Area will include both residential and employment generating land uses. By promoting a variety of employment opportunities the Development Permit Area will contribute to the economic viability of industry in New Westminster. The Development Permit Area will also focus on environmental sustainability and on improving the livability of these neighbourhoods through the provision of good quality multi-family housing of high quality design. Guidelines in these Development Permit Areas focus on the building and site design of commercial, industrial and residential land uses, and their compatibility with adjacent land uses and transportation corridors.

[Discussion of this area is also contained in Chapter 2: Economy and Employment, the Livable City Strategy and the Industrial Strategy.]
