Why Walk or Bike to School?

**Benefits for Students**
BEING ACTIVE BUILDS HEALTHY BONES AND MINDS. Walking or biking to school is not only a great way to be healthy and keep moving but has also been shown to increase alertness and grades at school.

**Family and Friend Time**
TIME SPENT WALKING TOGETHER allows families and friends to connect without stressful distractions. It is a time to unwind, play or share stories about each other's day.

**Community Livability**
KNOW YOUR COMMUNITY. Walking and cycling is a great way to meet your neighbours. People feel safer when they know other people in their community.

**Care for Our Earth**
VEHICLE EMISSIONS ARE THE LARGEST CAUSE OF POOR AIR QUALITY IN BC and are individual Canadians' greatest source of greenhouse gas emissions. Every vehicle trip replaced by walking reduces our contribution to climate change.

**Use Your Street SMARTS**

_Sidewalks:_ Walk on the sidewalk, if possible. Stay on the inside edge, and stand back from the curb when waiting to cross the street. No sidewalk? Walk facing traffic so you can see approaching vehicles.

_Music-Aware:_ Remove an ear piece before you cross the street, walk in less populated areas, or on a trail where there may be wildlife.

_Attention:_ Look out for moving vehicles at driveways, back lanes, and in parking lots.

_Road Crossing:_ Always cross at an intersection or crosswalk if available. Make eye contact with the drivers to make sure you are seen. Be bold, extend your arm to indicate you want to cross!

_Team-Up:_ It is safer and fun to walk to school with other family members or friends.

_Stranger-Aware:_ On no account ever go with a stranger. Practice and remember a special family password that only a trusted adult knows. With your family, identify safe places to go for help.

_Signs:_ Use your hand-signals when turning, slowing down or stopping. Follow all posted signs and obey the traffic laws.

_Urban Awareness:_ See and be seen! Be aware of your surroundings and always leave one door length of space when riding next to parked cars. Wear light or bright coloured clothing, and use your lights and reflectors in low-light and at night.

_Protection:_ It’s the law to wear your helmet when riding – plus it protects your brain!

_Eye Contact:_ It’s key! Make eye contact with other road users such as drivers and cyclists, especially when crossing intersections.

_Right Hand Side:_ Ride single file and as far to the right hand side of the road as practical.

_Super Road Cycle Safety_!

_Signs:_ Use your hand signals when turning, slowing down or stopping. Follow all posted signs and obey the traffic laws.

_Urban Awareness:_ See and be seen! Be aware of your surroundings and always leave one door length of space when riding next to parked cars. Wear light or bright coloured clothing, and use your lights and reflectors in low-light and at night.
