Truss System Certificate

PLEASE SUBMIT TO BUILDING DEPARTMENT PRIOR TO FRAME INSPECTION

To: The Building Inspector
City of New Westminster

Building Permit #_____

Re: Address of project _____

The undersigned hereby gives assurance that the installation of the truss system for this building including bearing and transfer of point loads to the foundation conforms to all of the structural requirements of Part 4 (or Part 9 as applicable) of the current British Columbia Building Code. Further that field reviews were made in conjunction with engineered trusses and truss designs supplied by _____

As used herein, "field reviews" shall mean such reviews at the project site as the engineer, in his professional discretion, considers to be necessary in order to ascertain that the work substantially conforms to all material respects to the plans and supporting documents "accepted" by the Corporation of the City of New Westminster for the project. This will include keeping records of all site visits and any corrective actions taken as a result thereof.
